North American Youth Exchange (NAYEN) Training

Your district may ask you to use these training modules to complete your training requirements. Training results should be registered automatically within a few minutes of completion.

Reminder: NAYEN training is not SCRYE training (exception, LC training). These modules are provided for use at the discretion of your district. Your district can decide to use other training methods, such as OJT, to complete your required training (Volunteer, Host, and Student) in YE.

Beth Saxton is registered with NAYEN for training.

Clicking on the "Take Training" button will take you directly to the training in a new tab in your browser.
